Summary	24
Index of Names	25

The names of ordained clergymen are printed in *Italics*.

A star (*) prefixed to a name denotes that the individual is deceased. In every case in which the year of the decease is known, except in the case of officers and members of the faculty, it is indicated at the right.

All persons, who can furnish information appropriate to the future editions of the Quinquennial Catalogue or Obituary Record, are urgently requested to communicate with the Librarian of the University. It is desired especially to keep a full record of the public services, published writings, and literary and scientific work of both graduates and non-graduates; also of their present addresses, and of the dates of death and the ages of the deceased.

A book has been opened by the Librarian for the reception of notices of the Alumni. All biographical sketches, newspaper and magazine notices, and obituaries of Alumni, and notices and reviews of their works and services are desired for this record.

An annual catalogue is issued by the University and may be had on application to the secretaries of the faculties.
